

LT LANDMARK 5052 P *calving made easy*

Kate Roberts

With his first calf crop hitting the ground, proof is rolling in that his calving ease is for real.

Here's what Dave Hebbert of Hebbert Charolais, Hyannis, Nebraska had to say...
"Landmark calved right along with Long Distance on our heifers this spring. The birth weights, vigor and calf shape were similar. We plan to breed even more heifers to Landmark this year."

Consider Landmark for your spring heifer matings. Then sit back and look forward to calving made easy next year.
