

# Making the big cut...

Having more calves make the big cut when you ship is a sure-fire way to add profit. More pounds and more quality equal the premium that Lindskov-Thiel-sired calves command.

For over 37 years, we have bred and raised Charolais and Angus bulls from a rancher's perspective. Quiet, no-nonsense bulls with industry-leading data are backed up with business done on a hand shake.

Let Lindskov-Thiel genetics help increase your bottom line by increasing the percentage of calves sorted to the big cut.
